

## Track Coaches!

I think that we are all in the same boat. Due to the fact that the UIL has moved up the district certification date, they have essentially eliminated one meet from our track season and added an extra week between districts and regionals. We now have a full 20 days between the district meet and the Regional meet. I had planned on hosting two meets this year on our newly resurfaced track, but I have had to cancel the second date due to a conflict with the district meet. I think that with the loss of a week and the additional time between districts and regionals, that it will be imperative that people attend a regional qualifier. We (Van Vleck) are going to host a Regional Qualifiers meet for the 3A and under schools that want to come. I am planning on having it on Saturday April 19<sup>th</sup>. More information will come at a future date.

### Format:
