Dear Coaches:

I would like to invite you to participate in our challenge event. I know the date is early but we all know the athletes will have been working hard during the summer and would like to get their season underway. Our Athletic department was in contact with the UIL before the school year ended to find out if we could host a challenge event like this. We were told that as long as there are three schools or less running in a race it would not count against the number of meets in which a school or athlete was able to participate during a season.

We wanted to try something innovative to kick off the season and hope you will give us a chance to show you that Bryan Adams High School and the Dallas Independent School District are committed to excellence in our schools and our athletic programs.

Thanks for your time and effort with the youth of Texas,

Mark E. Smith
